Meals: Breakfast

Expert Journey Insights:

Today is a spectacular, completely self-paced day designed for maximum family fun. Hong Kong Disneyland is wonderfully compact, meaning less walking between lands and shorter wait times than larger parks, making it incredibly kid-friendly. To get the absolute most out of your day, we recommend downloading the official Hong Kong Disneyland app ahead of time to track live ride wait times, locate character meet-and-greets, and view show schedules. Don't miss Momentous, the evening castle illumination show—it is an incredible combination of music, lasers, and fireworks that serves as the perfect finale to your day!

Day 3: East-Meets-West Heritage — The Cross-Sea Mega Bridge & Historic Macau Treasures

Enjoy an early breakfast before crossing international waters on a spectacular architectural journey. At 7:45 AM, your private Hong Kong driver will meet you in the hotel lobby for a smooth ride across the **Hong Kong-Zhuhai-Macao Bridge**—the longest open-sea fixed link on the planet. Arrive at the border, clear customs, and meet your expert local Macau guide to begin your exploration of this fascinating UNESCO World Heritage city. Wander through the beautiful cobblestone streets of Macau's historic center, standing beneath the iconic **Ruins of St. Paul's** to admire its intricate stone carvings. Scale the stone ramparts of the nearby **Mount Fortress** for panoramic city views, examine a preserved **Section of the Old City Wall**, and see how cultures blend at the adjacent **Na Tcha Temple**.

In the afternoon, dive deeper into Macau's maritime roots at the historic **A-Ma Temple**, a beautiful, incense-scented sanctuary built in 1488 that gave the city its name. Next, head to the soaring **Macau Tower** (observation tickets available on-site), where the kids can look out over the entire Pearl River Delta or watch brave bungee jumpers plunge from the upper decks. At the end of your tour, your guide will escort you back to the border terminal. After clearing customs, your Hong Kong driver will be waiting to provide a seamless, comfortable transfer directly back to your Hong Kong hotel.

Meals: Breakfast

Expert Journey Insights:

*Today offers an incredible blend of cutting-edge engineering and old-world colonial charm. Driving across the 55-kilometer mega-bridge is a jaw-dropping experience for children and adults alike, offering endless ocean views. Because Macau operates as a Special Administrative Region, **please remember to carry your passports and entry slips** today, as your family will pass through immigration check-points both leaving Hong Kong and entering Macau. Comfortable walking shoes are highly recommended for navigating the historic stone-paved alleys.*

Day 4: Silicon Valley of the East — Drone Demonstrations, Driverless Taxis & Electronics Markets

Begin your day with a premium breakfast before taking a private, chauffeured transfer into the innovation capital of Shenzhen. Upon arrival, your dedicated private tech-specialist guide will accompany you into the prestigious **Nanshan District** for an exclusive look at tomorrow's industries. Enjoy a private reception at the architectural **DJI Flagship Store**, experiencing a customized flight presentation that showcases the advanced tracking algorithms and safety sensors powering modern consumer robotics.

Transition to the coastal boulevard to board an autonomous **PonyPilot robotic vehicle**. Relax as this driverless transit carries your family to the manicured grounds of **Shenzhen Talent Park**, where you will enjoy premium views of the "Spring Bamboo Shoot" tower. Experience the apex of urban logistics by placing a localized luxury takeout order, scheduled for an automated **drone drop-off** at a designated park landing pad. Before evening falls, transit via the stunning "Eye of Shenzhen" atrium at Gangxia North to the famous **Huaqiangbei Electronics District**. Enjoy a privately guided exploration of this legendary tech bazaar, concluding with an engaging, interactive shopping challenge designed for younger travelers.

Meals: Breakfast

VIP Operator Insights:

All regional border transfers, localized guiding services, and tech-zone entry permits are completely managed by our operations desk. App-based logistics for the autonomous vehicle ride and the drone food delivery are facilitated directly via your guide's corporate accounts, ensuring your family enjoys these cutting-edge amenities seamlessly without any local payment or registration friction.

Day 5: Global Wonders & Folk Traditions — Miniature Masterpieces & Vibrant Cultural Villages

Enjoy breakfast before setting out on an extraordinary journey that takes you around the globe and across China—all in a single afternoon. Meet your private guide and driver in the lobby to begin your custom theme park exploration. Start your morning traveling the planet at **Window of the World**. This expansive park features over 130 meticulously crafted, scale replicas of the world's most iconic architectural wonders. Watch your children light up as they stand next to a 100-meter-tall Eiffel Tower, gaze at the Pyramids of Giza, and cross Niagara Falls, making it a fantastic, whimsical backdrop for family photos.

Following a delicious lunch at a hand-picked local restaurant, step back into Asian history at **Splendid China Park**. Take a whirlwind tour across the country's vast geography, exploring beautifully detailed miniatures of the Great Wall, the Forbidden City, and the Terracotta Army. Conclude your afternoon at the adjacent **China Folk Culture Villages**. This living heritage experience lets your family wander through authentic, full-scale replicas of traditional homes representing China's 56 diverse ethnic groups. Interact with local artisans, witness traditional weaving and crafting demonstrations, and enjoy high-energy, colorful music and dance performances that bring the country's rich cultural tapestry to life.

Meals: Breakfast, Lunch

Expert Journey Insights:

Today is an absolute favorite for families because it offers an active, visually stimulating outdoor adventure. The parks are located side-by-side, which minimizes driving and maximizes your time exploring. Because there is plenty of walking across the various global pavilions, we highly recommend wearing comfortable sneakers and bringing hats or umbrellas for sun protection. Open-air electric tram cars are readily available for rent inside the parks if younger children's legs get a bit tired.

Day 6: Bullet Train to Guangzhou — Ancient Lingnan Artistry & Skyline Views from Canton Tower

Enjoy breakfast at your hotel before embarking on a modern transit adventure. Your private driver will transfer your family to the station to board a sleek, high-speed bullet train, slicing through the southern countryside to Guangzhou. Upon arrival, your expert local guide will greet you warmly and transfer you directly into the heart of this historic trading capital. Step back in time at the magnificent **Chen Clan Ancestral Hall**, a masterwork of traditional 19th-century Lingnan architecture. Children will be fascinated by the vivid folk art displays, featuring incredibly intricate wood carvings, stone historical figures, and dramatic cast iron details adorning the rooftops.

From ancient traditions, fast-forward to hyper-modernity as you ascend the legendary **Canton Tower**. Shoot up to the 108th-floor Star Observation Deck—the highest indoor viewpoint in the city—to witness unparalleled, breathtaking 360-degree vistas of the Pearl River and the sprawling megacity below. After capturing unforgettable panoramic family photos, relax as your driver provides a smooth, comfortable evening transfer to the safari-themed Chimelong Hotel, your relaxing oasis inside the city's premier resort district.

Meals: Breakfast

Expert Journey Insights:

Today's bullet train ride is an exciting highlight for kids, demonstrating China's ultra-efficient infrastructure with speeds exceeding 300 km/h. Both major sights today offer brilliant visual contrasts that keep children fully engaged, from hunting for hidden animals in the ancient carvings of the Chen Clan complex to looking down on miniature skyscrapers from the cloud-skimming

heights of the tower.

Day 7: Elite Wildlife Expeditions — VIP Express Safaris & Premium Circus Loges

Awaken to a leisurely breakfast at your resort before entering the premier habitats of Chimelong Safari Park. Utilizing priority early-admission access, skip the main public entrances to experience a completely stress-free day of wildlife viewing. Board a panoramic **aerial cable car** to soar high above the simulated African savanna, looking down on free-roaming herds of zebras, gazelles, and giraffes. Continue your curated journey via a private lane on the **safari train**, traversing beautifully recreated global ecosystems filled with rare tigers, rhinos, and elephants.

Spend your afternoon wandering the immaculate walking loops, enjoying close-up viewings of the park's famous giant panda breeding sanctuary and elite koala reserves. In the evening, honor your premium, pre-booked VIP reservations at the spectacular **Chimelong International Circus**. From your prime central loge seats, witness an incredible, fast-paced display of elite international acrobatics, death-defying aerial gymnastics, and synchronized theatrical arts.

Meals: Breakfast

VIP Operator Insights:

To provide an entirely effortless resort experience, all park admissions, priority express wristbands, and premium-tier circus vouchers are fully secured in advance by our operations desk. This self-paced itinerary allows your family to move completely at your own speed throughout the park zones. The express passes grant your family expedited access to both the cable cars and the safari trains, drastically reducing wait times during peak hours.

Day 8: Final Resort Moments & Onward Journey — Private Station or Airport Departure

Savor a final, leisurely breakfast at your resort, surrounded by the park's lush, vibrant atmosphere. With no morning excursions scheduled, your family can make the absolute most of your remaining free time.
