Itinerary

Day 1: Chongqing City Tour — 3D Cyberpunk Metropolis & Cultural Wonders

Morning: Meet your private guide and driver at the airport, train station, or cruise port exit to begin your tour of Chongqing, China's renowned "Mountain City." Drive first to **Ciqikou Ancient Town**,

a 1,000-year-old historic precinct situated on the banks of the Jialing River. Wander narrow flagstone lanes lined with Ming and Qing dynasty architecture, traditional teahouses, and handicraft stalls. Sample local snacks like crunchy *Mahua* (dough twists) and observe traditional Sichuan folk performances.

Midday: Visit the **Three Gorges Museum**, located across from the landmark Chongqing People's Assembly Hall. Explore world-class exhibits detailing over 280,000 artifacts, the hydrological history of the Yangtze River, the engineering feat of the Three Gorges Dam, and Chongqing's historical transformation during WWII and the modern era. Step outside onto the central plaza for photos of the grand **Chongqing People's Great Hall**, inspired by Beijing's Temple of Heaven.

Afternoon: Head to **Liziba Metro Station** to witness one of Chongqing's iconic engineering marvels. Stand at the designated viewing platform along the river road to watch the Line 2 monorail train glide directly through the 6th to 8th floors of a 19-story residential apartment building.

Continue to **Hongya Cave (Hongyadong)**, a 9-story stilt-house complex built into the cliffside overlooking the Jialing River. Explore its multi-tiered wooden walkways, local boutiques, and food stalls before taking in the golden night lights illuminating the traditional *Diaojiaolou* architecture against the modern skyline across the river.

Evening: Your guide and driver will escort you to **Chongqing Jiangbei International Airport (CKG)** or **Chongqing North/West Railway Station** for your onward departure, concluding your tour.

Expert Local Touring Insights:

Chongqing's vertical topography means "ground level" can often be the 1st or 10th floor depending on which side of a building you enter. Wear comfortable walking shoes, as Ciqikou Ancient Town and Hongya Cave feature multiple stone staircases. At Liziba Metro Station, your guide will direct you to the dedicated observation deck across the main road to capture the best angle of the monorail entering the building structure. For guests flying out, Jiangbei Airport is roughly 45 minutes from Hongya Cave via expressway.
